SERVO SUPER

GRADES AVAILABLE - SERVO SUPER 10W/20/30/40/50

DESCRIPTION

Servo Super oils are superior, heavy duty engine oils blended from highly refined, high viscosity index base stocks and contain dosages of detergent-dispersant and antioxidant additives, to meet the stated performance standards.

PERFORMANCE BENEFITS

- Minimise deposits on piston rings, valves and in the crank chamber
- Protect bearings and other lubricated parts against corrosion caused by acidic combustion products of high sulphur fuels
- Prevent low temperature sludge formation encountered in stop-and-go service
- Have excellent resistance to oxidation thus providing high temperature stability and minimising excessive changes in viscosity
- Ensure system cleanliness by holding contaminants in finely dispersed state
- Prevent engine parts from rusting
- Minimise wear of cylinder liners, bearings, valve guides, cam lobes etc.

APPLICATION

Servo Super oils are recommended for:

- Modern passenger cars
